Doha firm wins call centre award

The Doha-based Spanco Golden Key Solution has won the 'Call Centre OSP 2010' award of the year from the Middle East and North Africa (MENA) region by Insights Dubai.

"In addition to this we have also been awarded the best in 'Longevity Award 2010' for providing continuous and uninterrupted service to our clients since the time of our incorporation," an official said.

The awards in effect recognise Spanco as the number one call centre and business process outsource company in the region.

"This is a remarkable achievement considering the fact that the company has been in operation in the region for only four years," the official added.

Spanco GKS CEO and director Tejinder Singh Bhatia said: "An achievement like this cannot happen overnight. It requires planning and a birds' eye view for details. We have been fortunate to be backed by a team of very motivated and dedicated employees who know their work and are result oriented."

In 2008 and 2009, the company had won the 'Best CRM Application Developer 2008'; the 'Gold Award for Services Category in the Oman Website 2008'; and the 'Largest OSP' award 2009.
